New AA award. Mountview Restaurant and Hotel came up for review in August this year and we were very pleased to be awarded 2 AA rosettes for the quality of our food for the sixth year running. Chefs Phil Barrett and Ettienné Els were delighted to receive this confirmation of their cooking skills. The inspector commented, 'All meals taken showed good quality produce prepared and presented with care ... meals prepared with skill and flair'.

We know that a good meal is more than just great food, great service is important too and the inspector particularly noted that 'hospitality was very good from all members of staff ... all were genuinely welcoming and efficient.'
